

RACKMAN PICKING BINS

Rackman Australia's Picking Bin range are designed to de-clutter warehouses, workshops and other storage spaces to speed up the pace of order fulfilments.

Suitable for both louvered panels and Steel RUT shelving, these bins come in a range of different shapes and sizes, can be segmented into multiple sections using removable dividers and provides high-density capacity for small parts and components.

Being easy to use and organise, our picking bins feature:

- A smooth surface all over to ensure no catch points for dirt or dust which is ideal for medical and hygiene industries
- Small items are easily withdrawn
- Made from the highest quality materials to ensure durability and longevity
- A large area at the front for adding colour-coded or stock labels
