

ALKON®

Roo TILT BINS

We are serious about your storage Space !!

Alkon Roo Tilt Bins are designed with meticulous care for storage applications where products need to be stored, viewed and retrieved quickly. Roo Tilt Bins are a two-component binning system comprising of a cabinet and tilting bin which pivots at the front bottom edge of the bin. Roo Tilt Bins are available in four sizes. Roo Tilt Bin cabinet is made from high impact polystyrene and the bin is made from high strength transparent polystyrene (Polystyrene has excellent physical properties, material is long lasting). The Roo Tilt bin is transparent in colour and the cabinet is light grey RAL 7035 in colour.

Features :

- The same size of the Roo Tilt Bins can be stacked one on top of each other.
- With help of the ergonomically designed plastic clips which are provided with the Roo Tilt Bins, the same can be mounted on the various louver panels and rails available in our range.
- Holes are provided on the back wall of the Roo Tilt Bins cabinet which can be used to directly screw the Roo Tilt Bins on to a wall.
- Roo Tilt Bins can be interlocked side by side which makes a self-supporting structure and helps in making long runs of the bins depending on the need and space availability.
- To build self-supporting structures, we provide standard solutions in widths of 424 mm and 636 mm and four standard heights of 840mm, 1140mm, 1710mm and 1820 mm to make wall mounted structures, single and double sided stands and trolleys.
- Roo Tilt Bins have large front handles with ergonomic grip which ensures ease of operation of the drawers.
- Paper indicator slots are provided on the Roo Tilt Bins to accommodate paper labels for easy identification of the products stored inside the Roo Tilt Bins.
- Roo Tilt Bins are designed to be completely enclosed in the body housing when not tilted this prevents dust and dirt entering the storage area of the Roo Tilt Bins.
- Roo Tilt Bins are space saving and helps in keeping small and medium parts well organized with easy access.
- Ideal for hospitals, medical stores, workshops, offices, garages, hardware stores, warehouses and enumerable places where organized storage is required.
